

Amendments to the Drawings

Please add Figs. 1-6 as attached in the New Sheet. Figs. 1-6 are the same figures in the PCT application as filed and are referred to and described in the specification as filed. A translation of Figs. 1-6 was inadvertently omitted at the time this PCT National Stage application is filed, and Applicants now respectfully submit a translation of Figs 1-6 as originally filed in the International Stage. The designation of "Prior Art" for Figs. 1 and 2 is also included. No new matter has been added, and entry of the New Sheet is requested.
